

Key Features

- **Expandable (5kWh, 10kWh, 15kWh and 20kWh)** – Expand up to 3 clusters, batteries per group providing 60kWh capacity.
- **Simple Installation** – Provides convenience and peace of mind for the installer knowing that each installation will be simple and straightforward.
- **Lightweight** – Each component weighs no more than 100 lbs.
- **Certifications** – UL1973, UL9540
- **Safety** – The battery operates under a low voltage 48v system providing peace of mind to the end user.
- **WiFi Standard** – Built-in antenna provides remote access and monitoring via mobile app.
- **Energy Management** – Pair with a Renogy X inverter and save on utility bills by avoiding peak TOU rates.
